

VISIONAL

Technical Director

OBJECTIVE

Objective: manage project technical scopes wholly, while supervising labor, logistics, and managing client and project needs

WHAT WE ARE LOOKING FOR

An exceptionally organized and even-tempered individual, the Technical Director leads the technical production team for specific projects, oversees the planning, and is responsible for the execution of the project from a technical standpoint. This role is responsible for managing all facets of technical operations, including scenic, staging, audio, video, lighting, rigging, and creative deliverables. This individual must provide excellent customer service to both internal and external clients, and understand the importance of forging relationships to successfully spearhead a project from beginning to end.

MORE ABOUT VISIONAL

Founded in 2014 by Kyle Means and Jim Steurnagel, Visional is a production technology agency specializing in production, virtual, experiential, creative, and environmental solutions. Our goal is to develop ideas into cutting-edge visuals that you and your guests will love.

We help clients all over the world create unique visual experiences by combining cutting-edge video and lighting technology with years of expertise in visual engineering. We're friendly, energetic and driven to help our partners develop and execute incredible experiences for their clients. We thrive on building relationships and helping organizations deliver their message through creativity, technology, and collaboration.

Be nice. Do good work. That's our motto. Visional gives you the industry-leading tools and the expert team you need to make your vision a reality. Corporate events, rock shows, interactive installations or brand activations — we're here to help every step of the way, from pre-production to load-out.

Visional is headquartered in Atlanta, Georgia with offices in and Denver, Orlando, and Los Angeles. Further information is available at wearevisional.com.
